Dress to Feel Your Best

Happy Holidays! I'm sharing with you 3 SIMPLE TIPS that you can apply this holiday season, so you can effortlessly dress to feel your best. Holiday style doesn't need to be complicated, let me show you how.

1: Create a Signature Holiday-Style Fit

Think about what you already love wearing in your wardrobe and use that as an outfit uniform, then see how you can revamp it for the holidays. Add some snazzy shoes, colourful shirt, silk fabrics, sparkly accessories. There are infinite ways to create a signature fit and it all comes down to your personal style.

2: Add 2 Minutes of Intention

What transforms a good outfit into a GREAT outfit is the two minutes of intention at the end of getting dressed. Take time to add your accessories, steam your shirt, add lipstick, cuff your hems... whatever resonates with you most.

Extra: Focus on 1 area of statement instead of overdoing your jewellery. Ex: A bold earring, statement necklace, etc.

3: Pre-Plan Your Outfits

Simplify your life by planning a few go-to outfits. Having 3 knockout fits that make you feel your best will remove any stress or time barriers before a party, event or gathering. Use your personal style as a guide to create these looks.
